

June 9, 2010

Dear Giant Schnauzer Owner,

It is time for publication of Source Book X. If you, (**all Giant Schnauzer owners, not just club members**), have a dog or bitch who received a championship or title during the year's of 2007, 2008 and/or 2009, then you are invited and to participate in this publication. For this publication we have 406 American champions and title holders who are possible contributors to the book and we are hoping that each and every one of them will have a photo.

Attached is an INFORMATION SHEET with specific information about submitting photos, pricing, deadlines, etc. Also attached is an ORDER FORM to include with payment. The final date for submission will be **JULY 10, 2010**. The sooner you can submit your photos the better. The plan is to distribute the Source Book at the National Specialty in St. Louis, Missouri in September. If you are not able to join us at the National Specialty we will make arrangements to send your Source Book to you.

A couple of important changes are being made this year. This year's edition will be in a loose leaf format, not a bound book. Also, we will be forwarding a PROOF of your final page(s) via email for you to review prior to going to press. We are hoping that this will eliminate some of the errors that occurred in the last publication. We will be doing pre-orders again this year. Details for pre-orders are also on the attached information sheet.

This publication is compiled with information from AKC and other sources, but the most important contribution is from you with your pictures which are a big part of this endeavor. You have worked hard to earn your championships or titles on a member of this magnificent breed and I encourage you to participate by making sure your dog's or bitch's photos are included in this edition.

Thank you.
